

St. Johns River Tech Prep Consortium
 Serving Clay County, Putnam County, St. Johns County,
 First Coast Technical Institute and St. Johns River Community College

**Pre-apprenticeship: Northeast Florida Builders Association Pre-apprenticeship:
 Carpentry & Cabinetmaking, Electrical, and Heating and A/C; Northeast Chapter
 Masonry Association of Florida Pre-apprenticeship: Masonry**

TECH PREP provides students with a specialized curriculum to build competence in communication, math, science and technical skills. This better prepares students to advance into the First Coast Technical Institute or the St. Johns River Community College for a certificate program and/or a two-year Associate in Science/Applied Science degree that prepares them for immediate employment or to continue their education. This is a recommended program of study. See your guidance counselor for details.

Program of Study	Freshman	Sophomore	Junior	Senior	Electives/Dual Enrollment
